IN THE CLAIMS

Please replace prior versions and listings of claims in the application with the following set of claims beginning on page 2 that follows.

Independent claims 51, 53, 74 and 75 have been amended to expressly state that the claims pertain to synthetic oligonucleotides, bringing the subject matter within the ambit of 35 USC § 101. The current amendment also clarifies the language in answer to the rejection for indefiniteness under 35 USC § 112, second paragraph.

Similar amendments, clarifications of the language and corrections of some unintentional typographical errors have been made for dependent claims 54, 57, 58, 59, 60, 61, 62, 63, 67, 68, 69, 70, 77, 78, 79, 80, 81, 82, 83, 84, and 85.

Claims 89 and 91 have been amended, changing the article from "The" to "A" in referring to the method of synthesis.

Claims 1-37, 45-50, 52 and 90 remain canceled; Claims 38-44 had previously been withdrawn, with traverse, in response to the restriction requirement.

No new matter has been introduced by this amendment.
